Some Nets Not Carried On All repeaters.

Times are Pacific Time.

Portland: **NTTN** 6:05PM Nightly

The **Western Oregon Radio Club** operates a system of linked repeaters in the Portland metropolitan area. The repeater sites are linked by radio to allow users to be heard on any of the repeaters from any of the other repeaters. This provides coverage of the expanded metropolitan area with few shadowed areas. The **WORC** also operates an autopatch which is available to club members. The **WORC** repeaters are on the 6 meter, 2 meter, 1-1/4 meters, 70 centimeter and 23 centimeter bands. The **WORC** repeater network participates in the **Evergreen Intertie System**.
